(1) COVID-19 economic support package

Motion made and Question proposed, That this House believes the Government should do what it takes to support areas with additional local restrictions, currently the North of England and parts of the Midlands, Scotland, Wales and Northern Ireland, by reforming the Job Support Scheme so it incentivises employers to keep staff on rather than letting them go; ensuring no-one is pushed into poverty when they do the right thing; providing clear, consistent and fair funding that goes hand-in-hand with the imposition of new

restrictions, including using the £1.3 billion underspend on the grants fund to support local jobs; fixing gaps in support for the self-employed; and extending the ban on evictions.—(*Anneliese Dodds.*)

Amendment proposed, in line 1, to leave out from 'House' to end and add 'welcomes the Government's package of support worth over £200 billion to help protect jobs and businesses through the coronavirus pandemic, including the eight-month long Coronavirus Job Retention Scheme, Self-Employment Income Support Scheme, £1,000 Job Retention Bonus, unprecedented loan schemes, business grants and tax cuts; further welcomes the pledge to protect, create and support jobs through measures in the £30 billion Plan for Jobs such as Eat Out to Help Out, VAT and stamp duty cuts and the £2 billion Kickstart Scheme; acknowledges the further support for jobs with increased cash grants and the expanded Job Support Scheme to support those businesses legally required to close due to national or local lockdowns; and further acknowledges that this is one of the most comprehensive and generous packages of support anywhere in the world.'—(*The Chancellor of the Exchequer.*)

(2) Local contact tracing

Motion made and Question proposed, That this House notes the consistently high performance of local contact tracing systems when compared with the centralised system established by the Government; notes the wealth of evidence that the considerable sums of public money spent so far on the national system would deliver better public health outcomes if devolved to local authorities and public health experts; and calls on the Government to extend the additional funding for contact tracing available in Tier 3 areas to all parts of the country and ensure that councils and local public health teams receive the resources and powers they require.—(*Rachel Reeves.*)

Amendment proposed, in line 2, to leave out from 'when' to end and insert 'working in conjunction with NHS Test and Trace; welcomes the huge expansion of testing to a capacity of over 340,000 tests a day; applauds the efforts of all involved in testing and contact tracing both at a national and local level; recognises that 650,000 people have now have been asked to isolate thanks to the work of NHS Test and Trace, and supports the Government's efforts to expand testing and tracing yet further.'—(*Jo Churchill.*)
