BUSINESS OF THE DAY

1. QUEEN'S SPEECH (MOTION FOR AN ADDRESS): ADJOURNED DEBATE [13 MAY]

Until 10.00pm ([Standing Order No. 9\(3\)](#))

Proposed subject for debate: Safe streets for all

That an Humble Address be presented to Her Majesty, as follows:

We, Your Majesty's most dutiful and loyal subjects, the Commons of the United Kingdom of Great Britain and Northern Ireland in Parliament assembled, beg leave to offer our humble thanks to Your Majesty for the Gracious Speech which Your Majesty has addressed to both Houses of Parliament.

At end add 'but respectfully regret that the Gracious Speech did not include sufficient measures to address the climate and ecological emergencies and achieve the goal in the Paris Agreement 2015 to limit the rising global temperature to 1.5 degrees Celsius above pre-industrial levels; note with alarm that global temperatures have already increased by 1.2 degrees Celsius, and that according to the UN Intergovernmental Panel on Biodiversity and Ecosystem Services, one million animal and plant species are now threatened with extinction; acknowledge that the UK was the first country in the world to commit to Net Zero by 2050, but that this target does not reflect the UK's global responsibility and relies heavily on costly and uncertain negative emissions technologies, and that the UK is currently off-track to meet the Fourth and Fifth Carbon Budgets, which are based on an 80 per cent greenhouse gas emissions reduction by 2050; therefore call on the Government to bring forward a Climate and Ecological Emergency Bill to provide an evidence-based statutory framework which would fairly fulfil the UK's international climate and nature responsibilities, take a joined-up approach to addressing the climate and ecological emergencies, deliver a just and fair transition to a zero-carbon society, and demonstrate genuine leadership as host of the forthcoming G7 and COP26 summits; and further call on the Government to make time available for that Bill to progress and be debated in Parliament.'

At end add 'but respectfully regret that the Gracious Speech fails to include measures to address unemployment, poverty, and the intensifying climate crisis; note that the climate emergency poses a grave threat to public health and living standards in the UK and across the world; further note that the Government is currently set to miss its Fourth and Fifth Carbon Budgets; believe that, as the host of COP26, the UK must provide leadership in tackling the climate emergency; further believe that there should be no return to the deeply unequal, pro-privatisation economic model that preceded the covid-19 pandemic; therefore call on Government to bring forward a People's Green New Deal Bill to provide a state-led programme of economic transformation, with a green jobs revolution to create millions of well-paid, unionised jobs, including by bringing energy, water, transport and mail into public ownership,

investing in green technologies, expanding and electrifying public transport and expanding international rail, retrofitting homes, creating a National Care Service, providing universal free broadband, repealing anti-trade union laws and increasing workers' rights, a just transition away from polluting industries with a comprehensive re-training programme and green jobs guarantee, and public procurement in line with global justice in supply chains; and call on the Government to tackle inequality by raising taxes on the richest 5 per cent of earners and large corporations, while introducing a windfall tax on corporations who have made excessive profits during the covid-19 pandemic and a crackdown on tax avoidance and evasion.'

At end add 'but respectfully regret that measures to create a requirement for the Government to act when the courts find that Government policy creates an incompatibility with the human rights of a UK citizen were not included in the Gracious Speech; recognise as a result of not addressing rulings made by the courts on these issues children who have lost a mother or father but whose parents were not married, and vulnerable victims of domestic violence who have been required to pay the bedroom tax because they have a sanctuary room, have been discriminated

against; note that these rulings were made in 2018, 2019 and 2020 so that there has been ample time for the Government to address those rulings; further note that if the Government ignores the decisions made by courts on the rights of UK citizens this undermines the integrity of the judicial and democratic process; and call on the Government to bring forward measures to fully remedy those incompatibilities within three months.'
